

ERIK B. SAARI, CPESC, CPSWQ **SENIOR PROJECT MANAGER**

Mr. Saari graduated from Hamilton College in 1997 in upstate New York, where, in the process of earning a BA in Archaeology, he learned valuable lessons in geology, surveying, laboratory analysis, and written and verbal communication. Since joining Jones & Beach Engineers, Inc., in 1997, Erik has demonstrated an unmatched proficiency in drainage analysis and design, sediment and erosion control, and commercial and industrial site design.

Since being named a Project Manager in 2001, Erik has successfully overseen numerous large-scale projects from their initial conceptual phases through to construction and final occupancy. His attention to the smallest detail and creative “out-of-the-box” approach to problem-solving has helped Jones & Beach to become a progressive leader in civil engineering throughout New England.

Mr. Saari represented projects at Local, State, and Federal levels on a regular basis. He has also served as an expert witness during legal depositions and court hearings. His honesty and dedication have made him a valuable resource for clients and a steadfast member of the firm.
