

## **JONATHAN S. RING, P.E.**

### **PRESIDENT**

Mr. Ring became a Licensed Professional Civil Engineer in 1989 and practices in the states of New Hampshire, Maine, and Massachusetts. He obtained an MS Degree in Civil Engineering from the University of New Hampshire in 1985 and a BA in German from UNH in 1976. He is a NH Licensed Septic System Designer.

Mr. Ring was first employed with the Kimball Chase Company in Portsmouth, NH, beginning as Site Design Engineer and quickly becoming a Project Manager of Subdivisions and Site Plans. He specialized in drainage, roadway and site design, with projects ranging from two-lot residential subdivisions to a 350-lot mobile home park with municipal water and sewer. Site Plans included the 200 unit River Woods at Exeter elderly residential community, the 100,000 square foot Rockingham County Court House, and a 371,000 square foot retail and commercial center with 3,000 feet of State Highway improvements in Rochester, NH.

In April of 1996, Mr. Ring joined Jones & Beach Engineers, Inc., as Senior Project Engineer, where he performed quality control constructability plan reviews and continued his work as a site designer and Project Manager of various size developments. Communities in which he has worked range from Kennebunkport and Wells, Maine, to Belmont, Concord, Exeter, Peterborough, Manchester, and Salem, NH, and Hyannis, Massachusetts. In 2001, he became an owner of the firm and was named President.

Mr. Ring is known for his attention to detail, communication, teamwork on major projects, and public presentation skills. As a six-year member and former chairman of the Exeter Planning Board, he has experienced both sides of the table. He has prepared and served as a professional witness on behalf of the Town of Hampton Falls and several private companies.

He is Treasurer of the Exeter Chamber of Commerce Board of Directors and a member of ASCE, GSDI, NSPE, NAACP, SEACC, and the Bahá'í Faith.
